

Spaulding High School Sociology Students
Jan. 2014 Student-led Community Interviews - Transportation

How long have you lived in Central Vermont?	What is your occupation?	What types of transportation do you use to get around Central Vermont?	Which type of transportation do you use most often?	Do you use public transportation to get around Central Vermont?	If you use public transportation is it reliable?	Do you think there should be more public transportation available in Central Vermont?	Would you use public transportation if it were more convenient?	Would you use public transportation if it cost less?	How long is your daily commute?	Are there improvements to the transportation system that should be made in Central Vermont? Please explain your ideas.
